Mondo*Media & Zones, The OPACs

Here are the new features of our content management system and our OPAC (online public access catalog).

Content-rich records

It is now possible to enrich the content of your records with summaries and book browsing obtained with suppliers like Electre or Memento. These new features allow users to have a better overview of the documents that interest them.

Summary

A screenshot of a document record in the OPAC. The record is displayed in a modal window with a close button in the top right corner. The main text of the record is a summary of the book 'Ethnomusicology: A Research and Information Guide'. The summary text reads: 'Ethnomusicology: A Research and Information Guide is an annotated bibliography to books, recordings, videos, and websites in the field of ethnomusicology. The book is divided into two parts. Part One is organized by resource type in categories of greatest concern to students and scholars. It includes handbooks and guides; encyclopedias and dictionaries; indexes and bibliographies; journals; media sources; and archives. It also offers annotated entries on the basic literature of ethnomusicological history and research. Part Two provides a list of current publications in the field that are widely used by ethnomusicologists. Multiply indexed, this book serves as an excellent tool for librarians, researchers, and scholars in sorting through the massive amount of new material that has appeared in the field over the last decades.' The interface includes a 'Quick search' box on the left and a 'Summary' button at the bottom of the modal window.

ÉDITIONS DE LA MOLETTE Chapitre 1

Les préparatifs

Dans un petit village, une famille planifie ses vacances. Déjà, l'été est amorcé. À l'intérieur de la maison, plus précisément dans la cuisine, Vincent, le père, assis à la table, regarde le journal afin de trouver l'endroit idéal où la petite famille passera ses vacances. Élisabeth, la mère, s'applique à dire les mots justes lors d'une conversation téléphonique. Elle recherche un emploi à mi-temps et pour elle, cette approche est très importante. Les deux garçons, Jérémie et Paul, âgés de dix et douze ans, ont très hâte de partir en vacances pourvu qu'ils aient la chance d'apprendre tout en s'amusant. Ils sont bien heureux ainsi.

Vincent est d'allure plutôt calme et aime bien rendre les choses simples avec une petite touche d'humour. Il est grand, aux yeux bleu ciel, la peau pâle et les cheveux noirs grisonnants. La pratique de la méditation lui permet de vivre son quotidien de façon harmonieuse.

Élisabeth, aux longs cheveux bruns tombant sur ses épaules, est très dévouée envers sa famille. Elle est responsable et généreuse. Lorsqu'elle s'adonne à la marche en parcourant les sentiers

dans la nature, elle oublie tout. Elle est vraiment à l'écoute du moindre geste, du moindre bruit qui se glisse au creux de son oreille, ou tout simplement elle apprécie la beauté de la nature.

Jérémie ressemble physiquement à son père, mais son côté sérieux lui vient de sa mère. Il adore les oiseaux et n'hésite pas à explorer des lieux dans l'espoir de découvrir une nouvelle espèce qui lui était encore inconnue. Comme il voudrait voler parmi eux et flotter au beau milieu du ciel pour ressentir la légèreté durant un tout petit moment... Cette soif de connaître les oiseaux, il la possède au plus profond de son être depuis qu'il est tout petit. Il ferait n'importe quoi pour observer un oiseau. Il a le sens auditif aiguisé et s'adonne avec joie à l'identification des oiseaux par leur chant. La lecture occupe beaucoup de son temps en l'absence du monde ailé dans les parages. Il a également la faculté de deviner tout, ou presque, avant même que quelqu'un le mentionne. Il est intelligent, sérieux et raisonnable pour son âge.

Quant à Paul, il a les mimiques de sa mère. Il est très expressif, surtout sur son visage un peu bouffon. Le même sourire que sa mère, mais amplifié. Tout comme son père, il a besoin de relaxer. Pour ce faire, les cours d'eau l'inspirent beaucoup. C'est un vrai poisson dans l'eau. Il adore s'envelopper de gouttelettes transparentes, nager et plonger à la découverte de tout ce qui

Improvement of the printing management

Print file list

The print file list now gives you more details. For each printing task, you'll now find the number of pages, the price per page and the total cost. In addition, a filter allows you to isolate the printed and canceled tasks.

The screenshot shows a web interface for printing management. At the top, there are several icons representing different functions. Below the icons, there is a search bar and a 'Load all' button. A date filter is set to '2010-09-15'. The status filter is set to 'Printed' (checked) and 'Canceled' (unchecked). The main content is a table titled 'Listes des impressions' with the following data:
